Print & Assemble

- First, be sure to use ACROBAT READER to open your PDF sewing patterns. It's free!

- Then, open your file and click on the LAYERS icon (left side of the screen) and uncheck all the sizes you won't need.

- Now, click on the PRINT icon at the top of the screen. The print settings will appear, so verify that the ACTUAL SIZE option is checked. Click on the PRINT button!

- A 5 x 5 cm (and 2 x 2") control square is provided to ensure that your pattern is true to size.

- To ASSEMBLE, cut the sheets at the bottom and right margins, as indicated. Each sheet is labelled with a letter and a number (A1, B2...), so tape them together in numerical and alphabetical order. The sheets on one row should have the same letter, and the ones on the same column should have the same number.
